About Us

Kiah Metallurgical was established in the year 1973 with the aim of catering to the growing demands of Stainless Steel and Nickel Alloys. Kiah Metallurgical is a leading supplier of various Stainless Steel and Nickel Alloys products.

Our Vision

To be recognized as a benchmark in the export segment of all kind of metal components. The name Kiah Metallurgical should continue to remain synonymous to excellence and integrity

Our Mission

To offer customers a wide range of quality assured products that are customized and timely delivered with the help of an experienced and motivated workforce that gives utmost priority to ethical business practices.

Quality Policy

We aspire to be the most trusted and preferred international supplier for various kind of steel components and their parts . Quality is something we never compromise on because we strongly feel that quality is not expensive .. it's priceless..!!
